APPROX 227 ACRES OF ENCLOSED UPLAND MOUNTA

An upland parcel of land with stream frontage to the south eastern boundary. This rises to approximately 440 metres above sea level and has been generally un-grazed for some years.

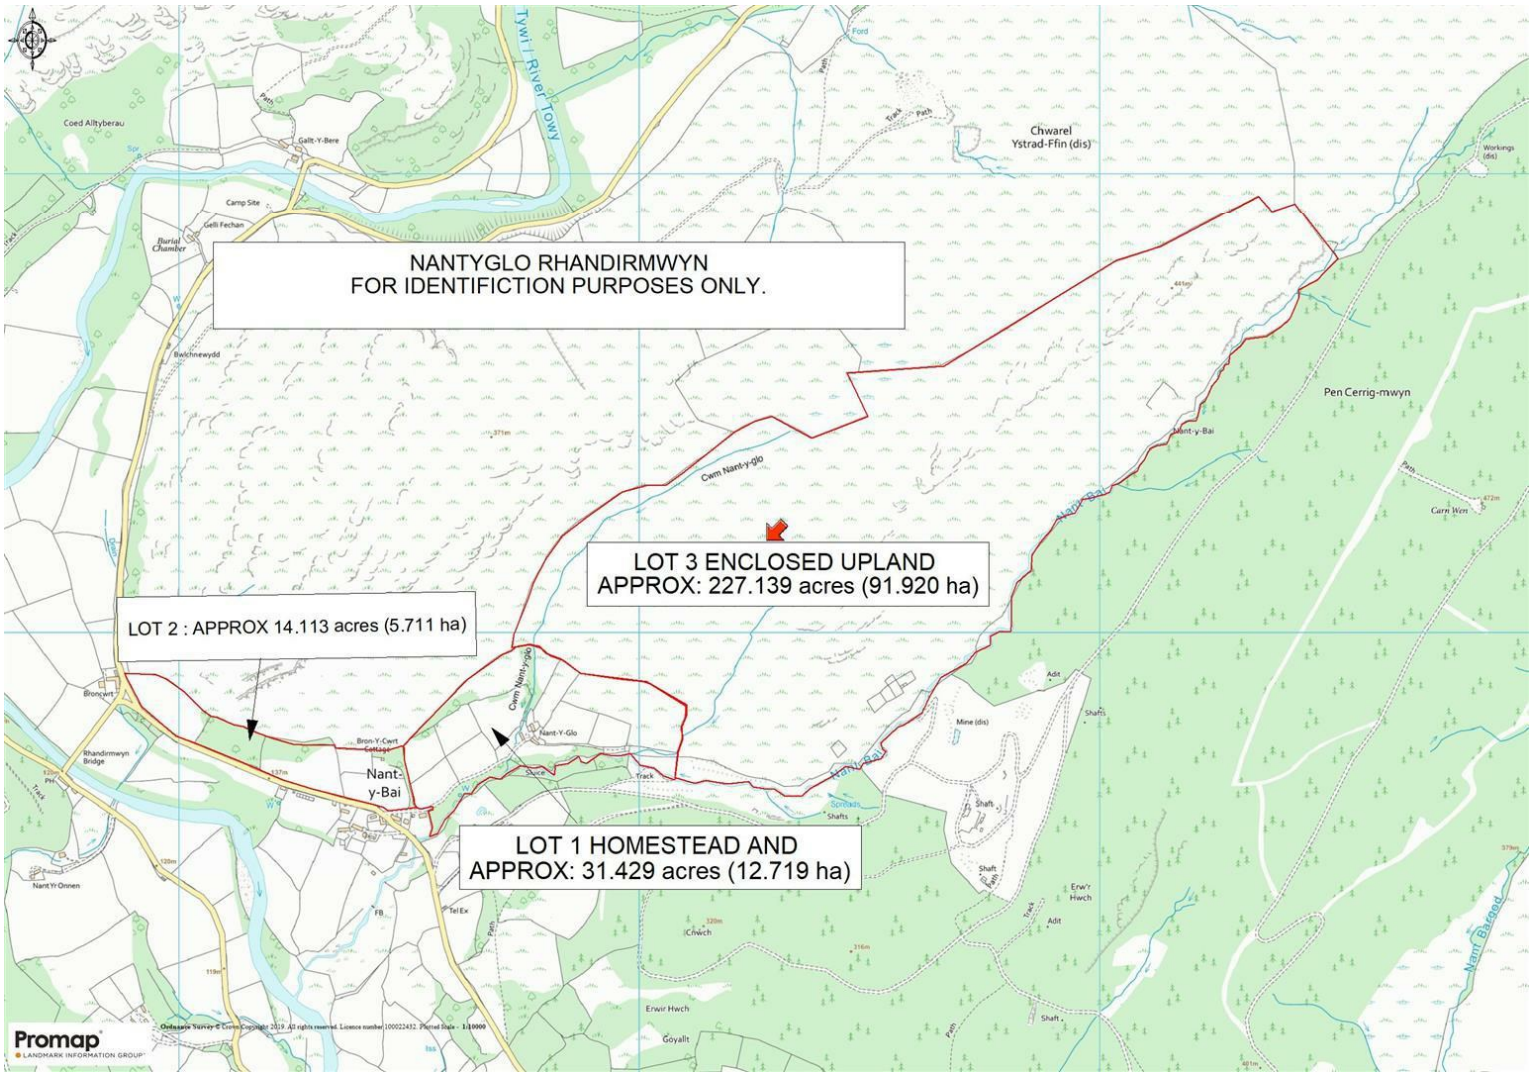

It is our opinion that the land has considerable potential for carbon sequestration schemes, partial afforestation, or conservation amenity purposes

RIGHTS OF WAY

The land is accessed by a right of access through third party property.

The land is subject to a right of access to a Hydro electric abstraction point, further details from the selling agents
