Far reaching uninterrupted views that can be appreciated from several vista points across the property, just imagine waking up to a view like this every morning!

The Land

Extending to approximately an acre with a separate gated access, this in our opinion would make an ideal pony paddock or further amenity space being in serene surroundings adjacent to the dwelling. There is a further area of gardens / land to the rear of the property in need of clearing which would make an excellent extension to the usable space around the property. There may be an option of further land at a later date to be discussed with the selling agents.
